Disclosure

Normally, Commerce will disclose to the parties in a proceeding the calculations performed in connection with a final results of review within five days of the date of publication of the notice of final results in the *Federal Register*, in accordance with 19 CFR 351.224(b). However, here, Commerce made no adjustments to the margin calculation methodology used in the *Preliminary Results*; therefore, there are no calculations to disclose for the final results.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.³ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication date of the final results of this review in the Federal Register. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Where the respondent's weighted-average dumping margin is zero or de minimis, or where an importer- (or customer-) specific *ad valorem* or per-unit rate is zero or de minimis, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.⁴ For entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, but that entered under the case number of that exporter (*i.e.*, at the individually-examined exporter's cash deposit rate), Commerce will instruct CBP to liquidate such entries at the China-wide rate (*i.e.*, 264.64 percent).⁵

³ See *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

⁴ See *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

⁵ See *Order*, 73 FR at 45403.

For any individually-examined respondent whose weighted-average dumping margin is above de minimis (*i.e.*, 0.50 percent), we will calculate importer-specific assessment rates on the basis of the ratio of the total amount of antidumping duties calculated for each importer's examined sales and the total entered value of the sales, in accordance with 19 CFR 351.212(b)(1).⁶

For the respondents not eligible for a separate rate and that are part of the China-wide entity, we intend to instruct CBP to apply an *ad valorem* assessment rate of 264.64 percent (*i.e.*, the China-wide entity rate) to all entries of subject merchandise during the POR that were exported by these companies.

Additionally, if Commerce determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number will be liquidated at the China-wide rate.

Cash Deposit Requirements

The following cash deposit requirements will be effective for shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of review, as provided for by section 751(a)(2)(C) of the Act: (1) for the exporters listed in the table above, the cash deposit rate will be the rate established in the final results of review that is listed for the exporter in the table; (2) for previously investigated or reviewed China and non-China exporters not listed in the table above that have separate rates, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recent period; (3) for all China exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate previously established for the China-wide entity, which is 264.64 percent; and (4) for all non-China exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate

⁶ *Id.*

applicable to the China exporter that supplied that non-China exporter. The cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant POR entries. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.221(b)(5).

Dated: March 7, 2022.
